

## By Any Which Way You Can

Words and music by G.E. Pichler

### Verse I

Refuse to crawl, then you're back at me again

Been living easy, I know that it will end

### Chorus

Then why tell me why, it's so hard to comprehend

Dance the knife's edge by any which way you can

### Verse II

Unleash your anger, expense it over time

Think it clear and over, it goes on and on

### Verse III

See through the dark light, then jump on up ahead

On a path to nowhere, I pass the haunted bend
